

Are screenings a problem for you?
Do they cost you money at harvest?

KWIK KLEEN GRAIN CLEANER

UP TO 100
TONNE
PER HOUR!

The Kwik Kleen Grain Cleaner:

- Is a fast, effective and inexpensive way of maximising returns to the grower.
- Can be used for cleaning & sizing certain grains. Eg: wheat, barley, chick peas, etc.
- Is portable and compact, but large enough to keep up with most farming operations.
